

Miriam Parker MD, FACP, CIC, CSCC

Application & Interview Career Coach

Experienced residency program director holding certifications as interview and student career coach. Passionate about helping residency and fellowship applicants achieve their professional goals through personalized review of ERAS application materials including resumes and personal statements, performance of mock-interviews with detailed feedback, and strategic application coaching. Coaching style is facilitative and infused with compassion and concern for each client. Skilled interviewer with exceptional patience, more than two decades of mentorship experience and track record of successful client placements.
